

## Advocacy for the People

**A**re you confused and troubled by politics and divisive and diversionary arguments output by news sources? Do you want real hard-hitting journalism opposing: corruption in government; healthcare fraud; damaging drugs and vaccines; deadly suppression of natural cures; military and National Security threats; the corporate-controlled economy, and the fact that Hawaii is one of the worst states in America for small businesses with lacking opportunities?

Tune into *Rock the Boat Hawaii* every Saturday morning from 8 to 9a.m. on SHAKA 96.7FM hosted by "The HOROKANE"--Dr. Leonard G. Horowitz and Sherri Kane. They fill gaping holes in honest and intelligent news analysis affecting your life, family, children, community, health and safety. *Rock the Boat Hawaii* vets what all corporate-controlled media conceals for fear and bribery.

Dr. Horowitz is a Harvard-trained award-winning expert in consumer health, natural medicine, music therapy, media intelligence analysis, and the 'InJustice System.' His rivoting dialogues protect public health, safety and the environment. Co-host Sherri Kane is a *FOX News*-defector who specializes in uncovering government corruption, pedophilia and risks from child sex trafficking networks, organ harvesting schemes, vaccines, and Hollywood controversies.

E-mail us your questions at [RockTheBoatHawaii@gmail.com](mailto:RockTheBoatHawaii@gmail.com), and listen every Saturday morning for life-saving answers you won't get elsewhere.

**E-mail us your questions and comments for the show.**
