Hi Leonard,

I have received your order for distribution, but unfortunately we will not be able to distribute this release. This release has lots of libel listed in it and PR Newswire has advised us that they would not be able to distribute this press release (listed for reference below). You may want to reach out to an online only distribution service.

Suspects forcefully damaged President Trump's reputation in attempts to sway the 2016 and 2020 elections by criminal means, including seeding the media with 'leaks' and forging the 'Russian dossier'.
(libelous)

This new intelligence includes evidence of the U.S. Supreme Court having been corruptly influenced and defrauded by drug-dealing agents in this crime syndicate.
(libelous)

Their drug underworld kingpin held multiple connections to the CIA, and allied with members of two crime families advancing 'liberal' financing for electing Democrats and advancing party objectives.
(unsubstantiated claim, also, libelous)

Dr. Horowitz's report concludes, "in damaging Burisma Holdings' chief competitor in the Ukraine, the Vitoil/ArmbusinessBank, the corrupt agents left behind a paper trail that evidences the highest level political, judicial, and financial corruption unprecedented in our nation's history."
(libelous)

I have voided this transaction so that it does not settle on your account.

I apologize for any inconvenience. Let me know if you have any questions.

Best regards,

--
