RE: Inspector General Investigation Sought in Journalist's Manslaughter Resulting from Stonewalled FBI Public Corruption Investigation in Hawaii.

Dear Inspector General(s):

This correspondence concerns the FBI's complicity by willful-blindness and neglect of duty to prevent the manslaughter of journalist Sherri Kane, who died as a resident of Florida on January 7, 2021, as reported to North Fort Myers police on February 10, 2012 in Incident #: 21-067192, as filed by Officer B Blanchard.

Over the past decade, four FBI agents have been stonewalled, or have obstructed justice, while advancing a public corruption investigation evidencing crimes committed by drug and real-estate racketeers including several co-conspiring Hawaii judges, prosecutors, and lawyers. When Ms. Kane was caused to die from the severe malicious distress forced upon her by the suspects, FBI special agent John "JR" Rikzecki was purportedly investigating these matters. Mr. Rikzecki's multi-year long 'delay' in bringing a grand jury indictment is key in this Complaint.

The suspects comprise a drug-trafficking, real estate money laundering, land thievery, racketeering enterprise active throughout the State of Hawaii tainting legislative and judicial divisions of government. This is especially well-evidenced in the Third Circuit "Drug Court" of Hawaii. Officials here, on the Big Island, have been repeatedly evidenced committing crimes. These include obstructing justice, depriving citizens due process rights and properties, and protecting criminals in alliance with their superiors in Honolulu. Few of the guilty have come under investigation or indictment by Kenji Price, who has been repeatedly informed about this criminal enterprise and the damage it is causing citizens across America.

FBI investigator Cecelia "Hina" Kong finalized an early investigation by field agent Michael Carbone on the Big Island. Ms. Kong's honorable efforts were stonewalled by her superiors. She sought to bring public corruption indictments against Judges Ronald Ibarra, Glenn S. Hara, Elizabeth Strance, Michael Fujino, Henry Nakamoto, Peter Kubota, and their protected enterprise agent and 'immunized' informant, Paul J. Sulla, Jr. Ms. Kong's noble efforts went for naught.

Subsequently, investigator Rikzecki was assigned to this case. He did nothing substantive to address this ongoing injustice. He compounded Ms. Kane's distress by being verbally abusive.

During the month of November, 2020, four crimes were committed by this corrupt political/judicial enterprise that resulted in Ms. Kane's death from severe distress elevating her blood pressure and resulting in a series of strokes. These facts are summarized in an article titled "[Hawaii Mob Murder of Legendary Activist Sherri Kane](#)" published on [JudicialCorruptionNews.com](#).

Proximal to Sherri Kane's manslaughter, on November 3, 2020, Hilo prosecutor, now Hawaii Island Mayor, Mitch Roth, dismissed a criminal case against attorney Sulla (3CPC-19-0000968) who had been caught forging one of many deeds and fake documents to steal properties and launder the money through sham companies and scam "religious" fronts.

With assistance from the aforementioned willfully-blind judges and prosecutors, Mr. Sulla stole Ms. Kane's property, killed her beloved cat, and bribed an armed sheriff, Patrick Sniffen, to eject Ms. Kane and I from our home.

Mayor Roth's obstruction of justice is evidenced by a pattern-and-practice of protecting Sulla during the past decade. Roth repeatedly delayed prosecutions beyond statutes of limitations, or falsely claimed insufficient evidence to convict beyond reasonable doubt despite prima facie evidence to the contrary.

Mayor Roth, and two previous mayors, Billy Kenoi and Harry Kim, worked with Sulla and also *turned blind eyes to Sulla* having committed his pattern and practice of [forging deeds](#), [trafficking drugs](#), and laundering the money through sham real estate transfers. The complicit judges appear to be laundering their graft money through mortgage company transactions.

Contemporaneously, in 2016, Sulla forged the deed to our property and, likewise, stole a million-dollar "Waikaloa Highlands" property to enrich Sulla's admitted "consortium". This enterprise includes Sulla's two sons, Jasun Sulla-Menashe and "Jose" (Joseph) Sulla who indemnifies himself as a "priest" in the hallucinogenic drug church operating north of Hilo. They now use my house to conduct their illegal "rituals".

Jasun Sulla-Menashe was a licensed "family therapist" before he was recently [indicted](#) on charges of child pornography and soliciting sex from minors. Sulla's forged "Waikaloa Highlands" deed involves Jasun Sulla-Menashe (as "JSM Enterprise") according to Mayor Harry Kim's June 22, 2017, letter to J.C. King, Director of Munitions and Chemical Matters, ODASA (ESOH). In that correspondence, Mayor Kim requested "the U.S. Army to change the direction of its Unexploded Ordinance Clearance Schedule" so that the Sulla-forged deed conveyance of that Waikaloa Highlands property could be more promptly conveyed to "Plumeria at Waikoloa (JSM Enterprises) 200 units." That reference to "JSM Enterprises" references the Paul Sulla and Jason Sulla-Menashe Enterprise, solidly evidencing the larger political/judicial racket.

Also proximal to Ms. Kane's manslaughter by the Hawaii mob, on November 7, 2020, Judge Wendy De Weese granted Sulla quiet title to our stolen property by obstructing justice, willful blindness to Sulla's set of forgeries, and *tampering* with evidence filed by the Intermediate Court of Appeals ("ICA" in case No. CAAP 160000163; 3CC141000304). Judge De Weese is evidenced by her hearing transcript maliciously switching case numbers to confuse the Defendants and

deprive Ms. Kane and I of our due process and property rights. That De Weese decision/obstruction of governmental operations, and injustice, evidences tampering of the higher court's decision. This civil matter is currently under appeal in CAAP210000018.

Further evidencing the public corruption and enterprise's agents' pattern and practice of committing the same crimes Judge DeWeese is evidenced committing is the Supreme Court of Hawaii's leadership. Proximal to Ms. Kane's death was the repeated criminal obstruction of justice, tampering with evidence, stonewalling due process, and blocking governmental operations, by the Director of the Supreme Court of Hawaii's Disciplinary Counsel ("ODC"), [Bradley Tamm](#).

Ms. Kane and I had repeatedly complained to the ODC to gain relief from Sulla and his cohorts in these crimes. On November 19, 2020, as Ms. Kane and I were pleading for Judge DeWeese to reconsider her quiet title grant of our stolen property to Sulla. We received notice from Bradley Tamm that he (and the ODC) were closing the case filed against Sulla and his co-counsel, Gary Dubin and Stephen D. Whittaker. Chief Justice Mark Recktenwald of the Supreme Court of Hawaii has repeatedly recused himself in these matters, presumably for holding conflicting interests.

Tamm should have recused himself from this administration of injustice because Tamm had represented U.S. Bankruptcy Trustee Howard Hu during my 2016 Chapter 13 bankruptcy case (No. 16-00239) filed to protect our property and beleaguered estate from Sulla's theft scheme and Third Circuit complicity in the thievery. Therein, Tamm granted Sulla my properties, and stole from Ms. Kane her money due as my creditor. Thus, receiving Tamm's Nov. 19 notice devastated Ms. Kane, compounded her severe distress, and was proximal to her manslaughter.

All of this organized crime protected and enriched the aforementioned Hawaii racketeers, and much of their actions were retaliatory.

Ms. Kane had discovered and published that Bradley Tamm had been disciplined as a California lawyer for [embezzling clients' money as a drug addict and alcoholic](#). Kane disclosed that Tamm was suspended by the [State of California Bar Association](#). Presumably, Chief Justice Recktenwald couldn't find any lawyer better qualified to do the Hawaii mob's bidding. So Recktenwald positioned Tamm to be the 'gate keeper' protecting all of Hawaii's most corrupt lawyers with mob influence.

Accordingly, I request that the U.S. Department of Justice, Office of the Inspector General, and Assistant Inspector General for Investigations, investigate the aforementioned facts and allegations to bring justice and urgently required relief for the citizens of Hawaii and the mainland U.S. damaged by this interstate drug trafficking syndicate in honor of Ms. Kane's memory.

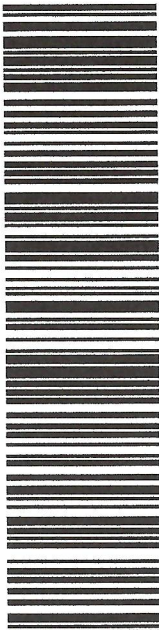

I further request to be regularly informed about any 'progress' being made in the alleged ongoing or pending investigation(s). Otherwise, kept in the dark, given false hope such as provided by FBI investigator Rikzecki, lacking transparency in the Justice Department compounds victims' attrition and submission to public corruption.

Sincerely yours,

Leonard G. Horowitz,
